

GREAT GRILLING GADGETS

With Father's Day right around the corner, it's time to start thinking about what Dad would really like this year. CBS News Science and Technology Correspondent Daniel Sieberg visited *The Early Show Saturday Edition* on May 30, 2009 with the latest in grilling gadgets that are sure to make for a happy Dad this Father's Day.

The National Hardware Show

(<http://www.nationalhardwareshow.com/App/homepage.cfm?moduleid=4471&appname=100562>) recently wrapped up in Las Vegas. Among the many exhibitors: companies unveiling their newest grilling gadgets there. Sieberg showed viewers some of the coolest products from the show, along with some of his favorites that will no doubt make for a great summer grilling season -- everything from a travel grill to a motorized hot dog griller!:

Napoleon Propane Travel Grill

Compact design with folding legs for easy storage. Ergonomic handle for one hand portability. Large 225 sq. in. efficient cooking grid. Auto ignition with a 9,450 BTU circular stainless steel burner for even cooking. Easy to clean, removable grease tray. Sets up in 10 seconds and uses standard portable propane cylinders. Perfect for boating, camping, RVing, tailgating or condo living. \$189, NapoleanGrills.com

Redi-Fork Pro

Grill, oven or microwave - take the guesswork out of cooking meat with the Redi-Fork Pro. Set the desired temperature and wait for the fork to beep when the food is ready. Use on fish, beef, lamb, poultry or pork without changing settings. Handy light helps with food viewing. Helps determine E. coli safeness. 4 inch tines. \$30, Surlatable.com

Motorized Grill Cleaning Brush

Motorized brush keeps your grill sparkling clean. It's the effortless way to keep your grill's cooking surface clean. Our Motorized Grill Brush has two brass-bristle rotary brushes that quickly strip away cooked-on food residue from your grill. Built-in stainless steel scraper lets you work on extra-tough buildup. Simple-to-use, push-button control. Full-size ergonomic handle. No more monotonous and difficult scraping. The strong motor and dual brass brushes make quick work of the dirtiest grill. Brush is removable for easy cleaning, too. \$25, Brookstone.com

Grill Daddy

The Grill Daddy barbecue cleaning tool cleans dirty grills in minutes with the power of steam! The Grill Daddy is specially designed to clean and sanitize grills safely and thoroughly. Steams away baked-on food, grease and black residue! It leaves grill spotless and sterile. Specially designed stainless steel bristles clean in between grill grates. Preheat grill, fill your Grill Daddy with water, and start to brush away caked on food residue and grease. The Grill Daddy releases water as you brush, the water hits the grill, turns to steam and rinses away burnt food and dirt. Grill Daddy gives you a grill that is sparkling clean, sanitized and cooks food that tastes great! \$20, GrillDaddy.com

Motorized Hot Dog Griller

Grill hot dogs and sausages perfectly every time, with no burn marks or waste, with a motorized BBQ rotisserie. No need to hover over your grill to ensure the hot dogs are done right-just use this automatic hot dog cooker. Built-in electric motor rotates hot dogs so they cook evenly all over, without scorch marks or cold spots. It's also an ideal way to cook sausages, bratwurst, kielbasa and more. Plus, the rotisserie frees up space on your grill for more chicken, burgers or ribs, making large summer BBQs easier to manage and stress-free. The rotisserie is easy to set up and clean, and fits virtually any grill. \$70, Brookstone.com
