

HOTTEST STYLES FOR EXPECTANT MOMS: MATERNITY FASHIONS

Celebrity moms-to-be always seem to look fabulous in every stage of their pregnancy. And style expert Katrina Szish says every expectant woman can look stylish for any social or professional occasion, bump and all! She had models to help her showcase outfits proving it, on The Early Show on Friday, June 5, 2009:

The outfits are for the office, a night out on the town, and when a woman is relaxing at home or at the beach. Five of the models are pregnant and the last one was wearing a pregnancy bump.
