

Dr. Maya Angelou

Dear Me (then)

First listen carefully. When I was young I was mute, I thought of my whole body as an ear. I would go into a room crowded with people, I would stop and believe that I could inhale every sound.

That ability has served from 8 yrs ~~to~~ until ~~a~~ to say when I am 83, friends and strangers can more easily be me into friend because they are flattered that you listen to them; you enhance your sense of memory and you will appreciate
